

What do we do?

The Ann Bancroft Foundation empowers girls to imagine something bigger and reach her full potential. Since 1997, ABF has awarded grants totaling more than \$1.5 million to over 4,500 Minnesota girls.

How do we do it?

- Provide grants to Minnesota girls in grades K-12 up to \$500
- Encourage mentorship through the grant application process
- Support and partner with like-minded organizations to provide continuing enrichment opportunities for grant alumnae

What are my chances if I do apply for a grant?

- Our goal is to fund as many grants as funding allows. In 2017, we funded almost \$169,000 to 355 Minnesota girls.

How do I apply?

- Find a non-family mentor to help you through the process then visit the Granting page on our website! Online applications now available!
