

What do we do?

The Ann Bancroft Foundation empowers girls to imagine something bigger and reach her full potential. Since 1997, ABF has awarded grants totaling more than \$2.4 million to over 5,600 Minnesota girls.

How do we do it?

- Provide grants to Minnesota girls in grades K-12 up to \$1,000
- Encourage mentorship through the grant application process
- Support and partner with like-minded organizations to provide continuing enrichment opportunities for grant alumnae

What are my chances if I do apply for a grant?

- Our goal is to fund as many grants as funding allows. In 2022, we funded more than \$150,000 to over 300 Minnesota girls.

How do I apply?

- Find a non-family mentor to help you through the process then visit the Granting page on our website! Online applications now available!
