About the Ann Bancroft Foundation

Since 1997 the Ann Bancroft Foundation (ABF) has supported Minnesota girls in grades K-12 to imagine something bigger and achieve their potential. ABF strives to eliminate barriers for all who identify as a girl to achieve their dreams and offer tools that will allow them to feel supported along the way through grants, mentorship, and ongoing development opportunities.

ABF exemplifies the spirit of explorer and educator Ann Bancroft, whose leadership and personal and historic achievements have inspired many to courageously take on new challenges. Bancroft organized and led the first-known all-woman expedition to Antarctica, becoming the first woman to reach both Poles across the ice.

ABF operates with a passion for making a difference in girls' lives and chooses to partner with like-minded individuals and organizations to cultivate an environment that supports girls in the achievement of their dreams. The ABF community, composed of alumni who have received grants, mentors who guide the process, strategic partners who enhance the impact, and supporters who fund our programming, is diverse, inclusive, connected, accessible, transparent, healthy, and supportive. ABF encourages members of this community to be bold, courageous, and innovative. We take pride in the growing pool of people who eagerly claim membership in our community.
